

Reconciliation Action Plan Indigenous Business Development FY2019 Score Card

Australian Unity is committed to supplier diversity through mutually beneficial relationships with Indigenous businesses. Strong relationships enable our business to engage and actively build capabilities within Indigenous businesses across Australia.

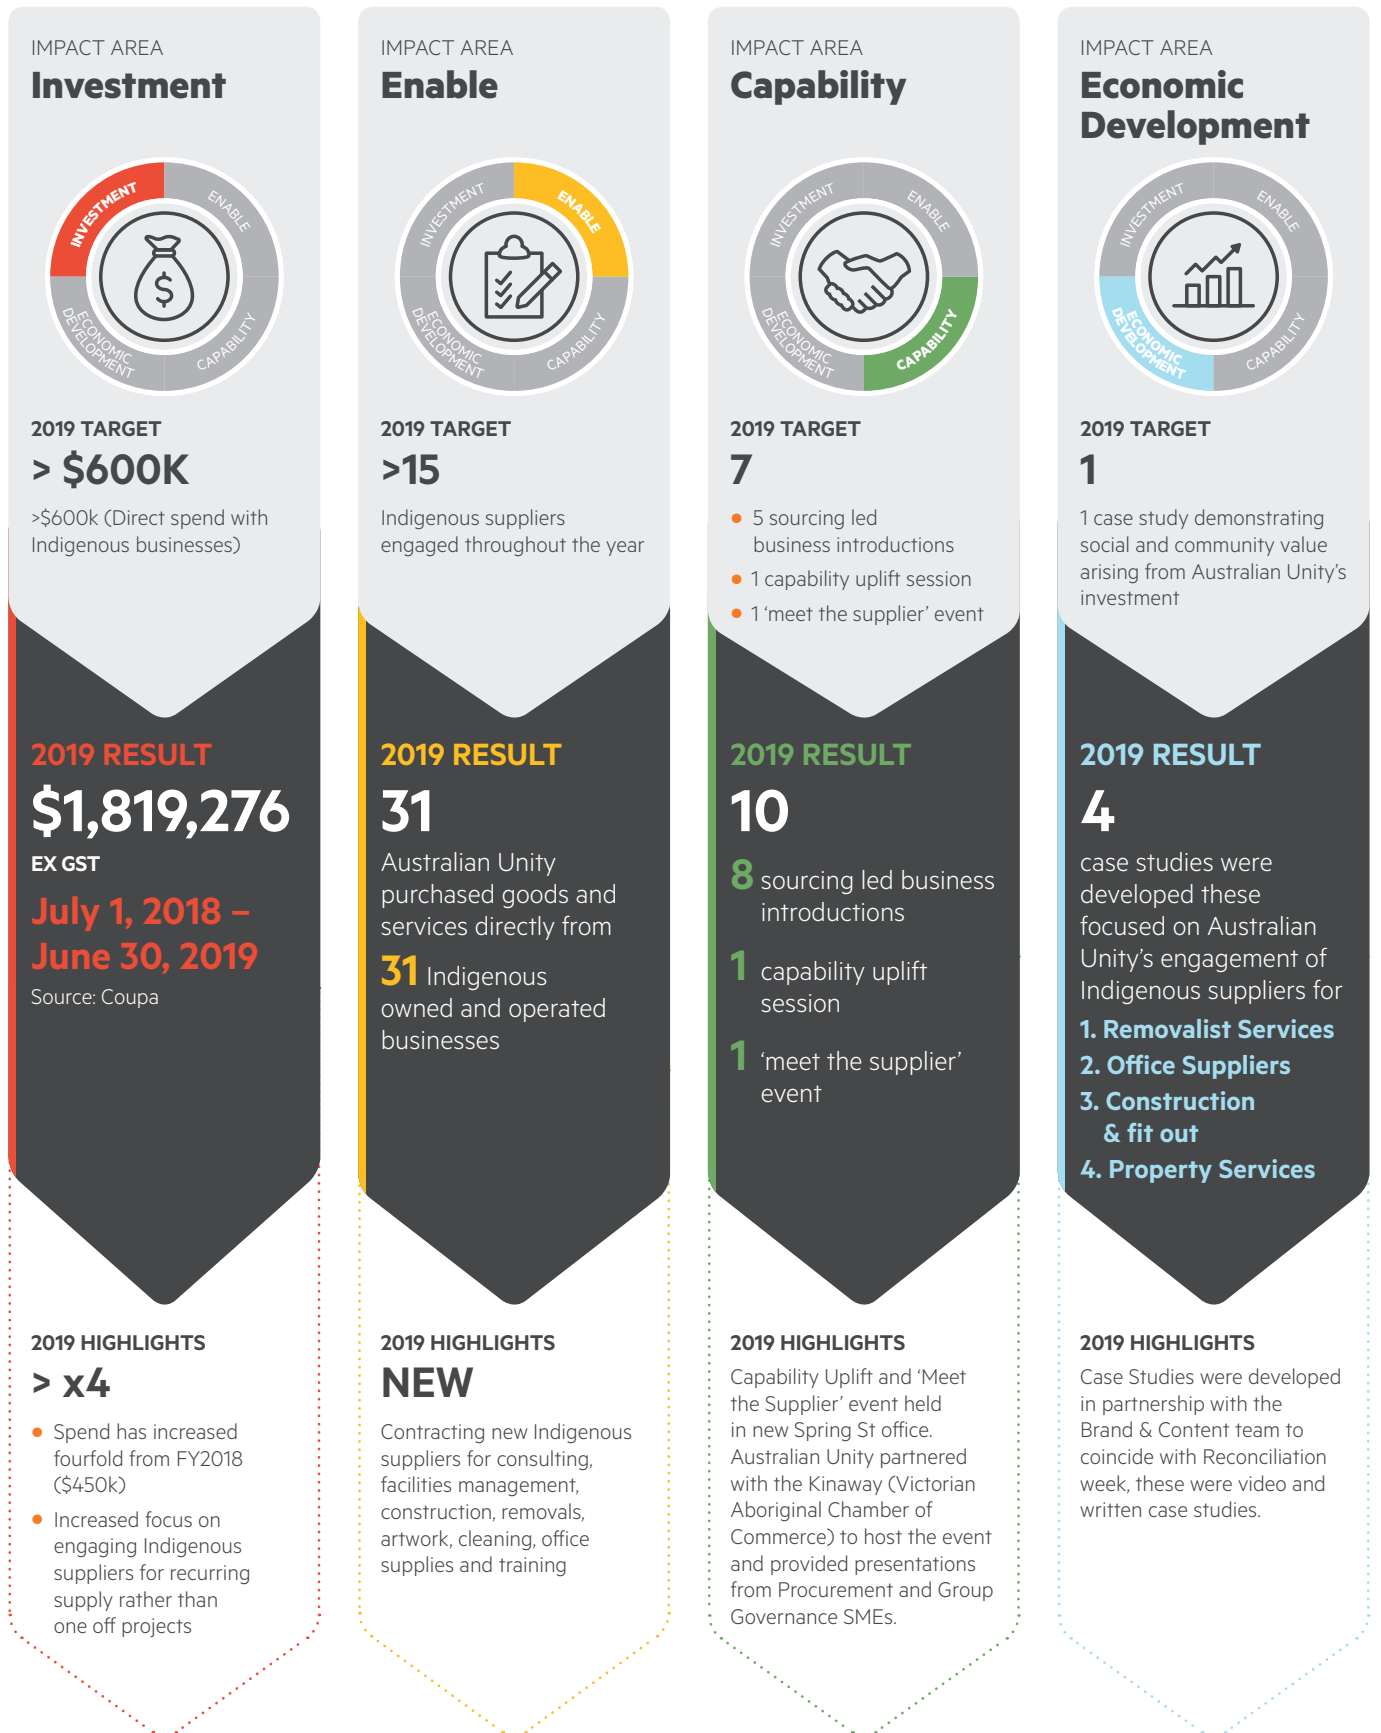

Australian Unity's commitment to Reconciliation is being championed through Group Procurement's leadership in business development.

  <p>IMPACT AREA Investment</p>	<p>COMMITMENT Aligning to the Business Council of Australia's 'Raising the Bar' targets</p>
  <p>IMPACT AREA Enable</p>	<p>COMMITMENT Establish a panel of Indigenous businesses that meet the current and future needs of Australian Unity</p>
  <p>IMPACT AREA Capability</p>	<p>COMMITMENT Promote Indigenous suppliers internally to increase awareness across the Group and support capability uplift initiatives</p>
  <p>IMPACT AREA Economic Development</p>	<p>COMMITMENT Track economic and social outcomes driven from Australian Unity's investment in Indigenous businesses</p>

Australian Unity is a member of Supply Nation which connects companies with Indigenous businesses and suppliers. Together, Australian Unity and Supply Nation are actively contributing to the growth of the Indigenous business sector.

FY2019 Results

In FY2019, Group Procurement achieved tangible outcomes in line with the Group's Reconciliation Action Plan targets. Positive results were delivered in the areas of Investment, Enable, Capability and Economic Development.

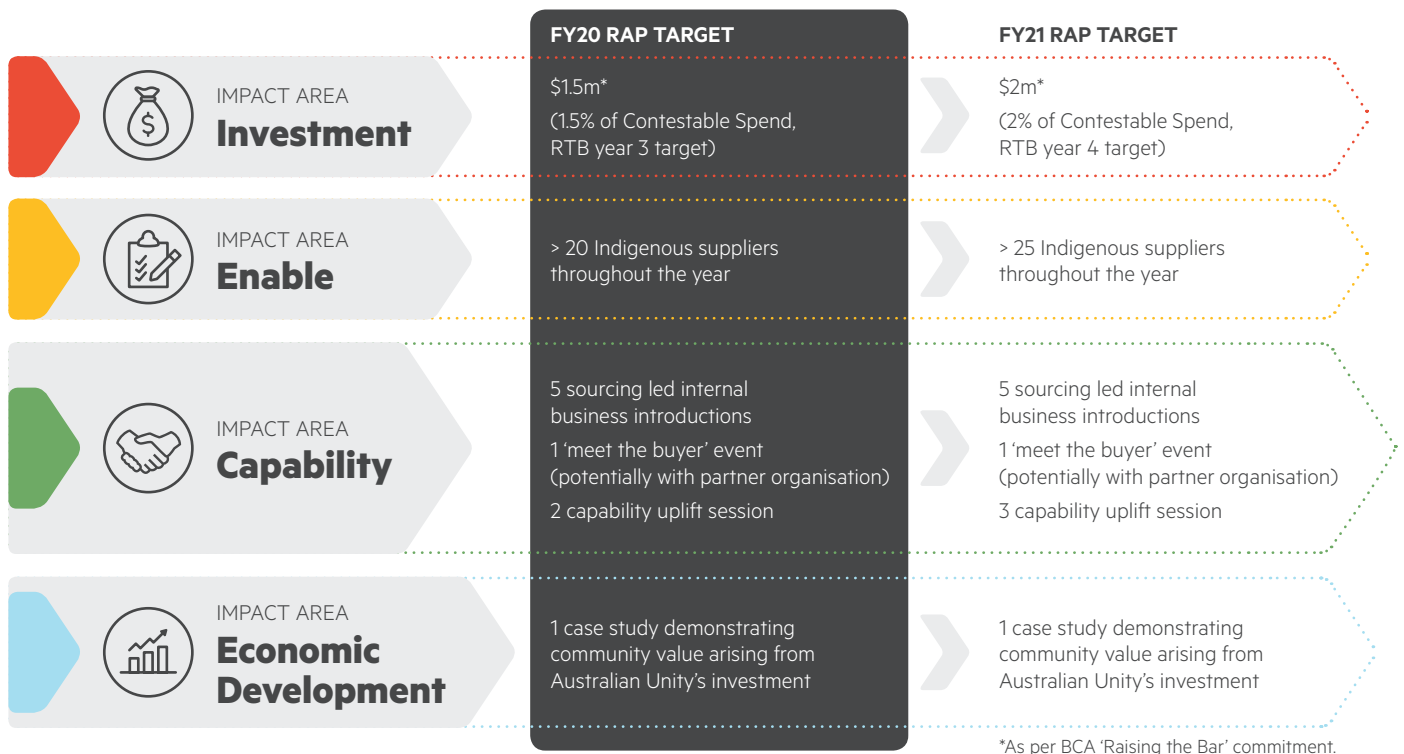

Commitment to growing the Indigenous business sector

In February Australian Unity was one of 14 organisations to commit to the Business Council of Australia's 'Raising the Bar' initiative.

The Raising the Bar initiative calls for members to increase their spend with Indigenous business over a 5 year period up to 3% of contestable spend by year 5.

Given Australian Unity's current spend with Indigenous businesses, FY20 will be considered year 3 on the Raising the Bar sliding scale with an associated target of 1.5% of contestable spend (or \$1.5m) to be spent with Indigenous businesses, this represents a \$500k increase from the original RAP targets for FY20.

Playing our part

Australian Unity can draw on its broad financial and health services:

To support and enable Aboriginal and Torres Strait Islander peoples and communities to take control of their financial futures and health goals through community-focused products and services, advocacy, and capability building initiatives.
